Booking your virtual course

WHERE CAN I BOOK?

During Covid-19, physical classroom NDORS courses have been suspended and made available online (Speed Awareness, the Motorway Course, What's Driving Us and Safe & Considerate Driving).

You can choose to attend your course with any course provider anywhere in the country. It doesn't matter where you live, or which police force offered you your course ... you can choose any course provider that delivers an online course.

To find a course, and to book your place online, you need to go to this web page: <https://offer.ndors.org.uk>, as you are able to attend with any course provider across the UK. If you do not find suitable availability within your local area please expand your search where you will be able to locate a suitable course.

Booking your virtual course (2)

HOW DO I BOOK?

To book online, and for the most up-to-date information, please visit:

<https://offer.ndors.org.uk>

You will be able to access your course offer details, either by registering (if it's your first visit) or by logging in (if you have already created an account).

REGISTER OR LOG IN

HOW DO I REGISTER?

Enter your Reference Number and PIN (from your course offer letter) or use your Driver Number (in the PIN field instead of a PIN). There will be a short Registration process and you can then search for and transfer through to your chosen course provider to book and pay for your course.

Click [HERE](#) to check out our short 'How to book...' video.

HOW DO I LOG IN?

If you have already created an account, and have validated your email address, you can log in with your email address and password. You can also use the "Forgot your Password" function to set or reset your password if you provided an email address during the registration process.

YOU WILL NOW ARRIVE AT YOUR DASHBOARD

Click on [Access My Courses](#) - this will allow you to search for a course or find your current booking. You can also:

- find details to contact the course provider where you need to change the date or time of your course where necessary
- re-book a course
- make further enquiries

Click on [Manage My Details](#) to view and update the details you provided during registration – including your email address.

See below for details of how to search for a course.

Booking your virtual course (3)

HOW DO I SEARCH FOR A COURSE?

The default search is based on your registered address. The pins highlight your address, and the nearby course locations. You can zoom in or out using the plus (+) and minus (-) buttons. Other standard GoogleMaps features, such as scrolling, are also supported.

CAN I AMEND THE SEARCH?

You can amend the course location search details by typing directly into the field.

If your local course provider does not offer a virtual classroom or online course, you can search for one of the areas detailed in the above tables – for example 'Greater Manchester' – and then click on the Search button. Online courses are denoted by a yellow pin.

The screenshots shown are for illustrative purposes only and do not provide accurate course location data.

A new search will be performed in your specified area and you should find a virtual classroom. You will attend this course online and will not need to travel to the course location.

It is important that you book your virtual course with a local provider, as you will need to complete the on-road training with the same organisation in due course.
